

# *Fiji Tourism Bibliography*

This list of 120+ entries is based on one of my personal research bibliographies. It has not been updated recently because my research is not currently concerned with tourism in Fiji, but it can be enhanced and elaborated if others are also willing to share their information, and provide useful references to be added to it. Please fax these to me on this number – your contributions will of course be acknowledged on the webpage. [Last edited 27<sup>th</sup> Mar 2005]
